How Can I Spend Wedding Q Points?

Virtual Gifts:

Wedding Q points can be spent on virtual gifts (not real ones) which are given to your favorite members as wedding, anniversary, birthday or seasonal gifts. The value of these gifts are in points only but reflect how much the “sender” dipped into his or her point account to purchase the gift.

Barter And Sponsorship Program:

Wedding Q points can be used for real goods and services from Vendors within the site. Vendors will offer their goods or services to users by posting a free classified Ad on our “Point Exchange Ad Page”. If interested, the member contacts the Vendor . Once the deal is worked out between both parties the Vendor will send a “ Point Transfer Request” to the member. The member then transfers the points agreed from their account to the Vendor. Deals transacted between Vendors and Members by using this feature are the responsibility of both parties. Wedding Q holds no responsibility for any transaction.
